

BHARAT HEAVY ELECTRICALS LIMITED, BHOPAL
Transformer, Capacitor & Bushing Department

“EXPRESSION OF INTEREST”

Ref: TCB/BCE/EOI

TCB Division, BHEL Bhopal invites responses from reputed Original Equipment Manufacturers of high voltage Resin Impregnated Paper (RIP) bushings up to 800kV for Technology Collaboration Agreement. Following information is initially required from interested parties for manufacture of RIP bushings:

- New machinery/equipments/facilities needed.
- Shop floor area required to manufacture approximately 500 bushings per year of various kV class.
- Budgetary quotation for total expenditure on (i) fee for technology transfer and (ii) investment required for equipments.
- Training proposed for technology transfer.

The parties willing for technology collaboration should have their own manufacturing facility. This EOI is raised only to seek approval of BHEL management and no legal or contractual binding relationship will exist between BHEL and any of the respondents until execution of any agreement.

Based on the responses received, BHEL will formulate detailed & specific requirements and float formal enquiry for technology collaboration.

Interested parties may submit their budgetary quotations and detailed offer including their manufacturing capabilities & experience at the following address.
